**CHAIRPERSON'S
REPORT**

Welcome to ElectricAid's 2016 Annual Report! In 2016, ElectricAid positively impacted the lives of an estimated 80,000 people, spending €1.13 million and funding some 135 separate development and relief projects, some in Ireland but primarily across the Developing World. We did not have a major appeal in 2016 but we committed €86,000 to emergency funding in Haiti, Africa, Greece (for Syrian refugees) and Ireland. This would not have been possible without the steadfast commitment and support of our members, supporters and friends, including ESB and EirGrid.

2016 was a positive year for ElectricAid. We are now in Irish terms a medium-sized NGO. Membership continued to gradually increase, with an increase of 0.5% to 2,635 members. Our income decreased from €1.24 million in 2015, to €1.13 million in 2016. This is explained by factors outside our core business such as the absence of a significant Special Appeal in 2016, so it is not of particular concern. However, it is critical that ElectricAid's income is maintained or increased in 2017 as the needs of the poorest and most disadvantaged around the world have never been greater. This objective is being addressed by a number of planned recruitment campaigns in EirGrid and ESB Networks.

Excellent progress was made on our business plan which continued to focus on improving ElectricAid's governance, risk management, data protection and the documentation of processes and procedures. The 2017 Business Plan will continue to focus on these areas in addition to the planned recruitment campaigns.

During 2016, once again the good name of the community, charity and voluntary sector in Ireland was damaged by the dishonourable and corrupt actions of a handful of people. I would like to reiterate once again the emphasis ElectricAid puts on governance, processes and integrity. Our application, evaluation, funding and project auditing processes are treated with the utmost transparency and integrity. Our payments are governed by a strict approval process and we pay no salaries or expenses. Integrity, transparency and accountability are core values. Members have invested us with the trust of managing and growing this world leading initiative; we have honoured this trust and will continue to do so.

COUNTRY: KENYA

School management committee, Endoyo Wuas PS, Kajiado, Kenya. School sanitation funded by ElectricAid. Photo courtesy Aidlink.

As a key part of our governance and risk management process, we carry out annual desk audits and site audits of funded projects across the globe. Desk audits are carried out by each Committee member annually. Site audits pose more of a challenge to ElectricAid as the projects we have funded are all over the world. In 2016, we had multiple projects in Uganda, Zambia, Tanzania and Nepal visited on our behalf by members. These visits are hugely useful for ElectricAid, and very often a really rewarding experience for the visitor. Members can see at first hand the projects ElectricAid is funding. If you, or somebody you know, are travelling to a developing country (particularly in Africa, Asia, and Central or South America), and would be interested in visiting an ElectricAid project, then please do get in touch with us, we would be delighted to hear from you.

ElectricAid is primarily engaged in development funding rather than disaster alleviation. However, with our roots in the Ethiopian famine of the 1980s, we cannot turn our back on the developing tragedy in East Africa. We committed €20,000 to this cause in 2016, and the same again in March 2017. We are monitoring the situation closely, and may go with a Special Appeal later in 2017.

Following its launch late in 2015, with a lot of hard work and dedication from Committee members and staff, our website www.electricaid.ie has become a fantastic and effective platform to update and communicate with all our members, supporters and partners. Please visit the site often so we can keep you updated on development news and the work that ElectricAid is doing. It's well worth a visit, and well worth adding to your "Favourites".

I should like to express my thanks to a number of groups/individuals for their outstanding contribution in helping those in need over the last year.

- Thanks to our ElectricAid Office Manager, James Foley, for his commitment to ElectricAid and continued hard work. James has a sincere passion for the work ElectricAid does, this is apparent in the various internal and external communication channels we see week to week, where he has the gift of bringing ElectricAid's work to life, keeping awareness alive and interest high. Also, a special thank you to Angelica Pacturanan, a student from DIT, who was a great asset for ElectricAid on her placement with us in 2016. We wish her all the best in her final year.
- Thanks to the honorary officers, trustees and committee members, who voluntarily gave up so much of their time in 2016 to support the running of ElectricAid. A special thanks to the Evaluation Committee who have the challenging and time consuming job of evaluating all project applications being proposed for funding.
- Thank you to Pat O'Doherty of ESB and Fintan Slye of EirGrid for their continuous support for ElectricAid. This support make a huge difference for ElectricAid, and for the thousands of people we serve. We look forward to many more years of partnership and service.
- Finally, I would like to thank ElectricAid's local contacts and particularly you, the 2,650 ElectricAid members for your continued support and contributions over the last year. Nothing could happen without you – it is your generosity that is the bedrock of ElectricAid's work with vulnerable and disadvantaged people, worldwide.

It is this partnership and support from members, ESB and EirGrid that enables ElectricAid to be effective in making a difference - helping the poorest people in the world to help themselves. We couldn't do it without you!

Many thanks again for your support and generosity – and let's make 2017 even better!

Tina Pittock
Chairperson
ElectricAid

EXECUTIVE REVIEW

2016 WAS A POSITIVE YEAR FOR ELECTRICAID:

We are now in Irish terms a medium-sized NGO. Membership continued to gradually increase, with an increase of 0.5% to 2,635 members.

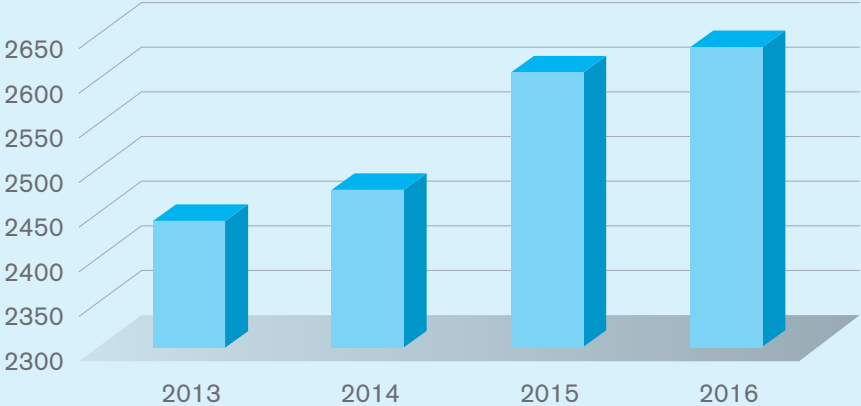

Membership:

Membership is a basic indicator of the health of an organisation like ElectricAid. In the boom years, we peaked at over 2,700 members, but very slowly declined to 2,439 by 2013. Since then, the story is one of gradual recovery, continuing in 2016, when we climbed back to a post-boom high of 2,635 members – a 0.5% increase for the year.

We have been successful at membership promotion at recruitment and induction, and also in defending membership at the point of retirement. This has led to some dilution of the contribution value per member, as a higher proportion of our members are now either young people at the start of their careers, or pensioners at the end of theirs.

The strong message coming out of this analysis is the need for renewed membership promotion amongst the serving staff. This is being addressed in 2017 with planned recruitment activities in EirGrid and ESB Networks.

Membership 2013 - 2016

Finance:

Our income is down this year, from €1.24 million in 2015, to €1.13 million in 2016. This is not a particular cause for concern, it is explained by non-core items, like the absence of a significant Special Appeal in 2016, the once-off legacy of €51,000 received in 2015 but not repeated in 2016, and a previous over-accrual of EirGrid payments, which means that contributions from EirGrid are understated this year. In fact we are on a solid path now with EirGrid, and will show an income of c. €12,000 from members and c. €8,000 from the company in future years. Our relationship with EirGrid was cemented in the year with the signing of a 4-year agreement, for which we are deeply grateful. This agreement complements an existing 4-year agreement with ESB.

We can say with certainty that we have a very stable revenue base and a solid financial model which works, in good times and bad, because our members stick with us.

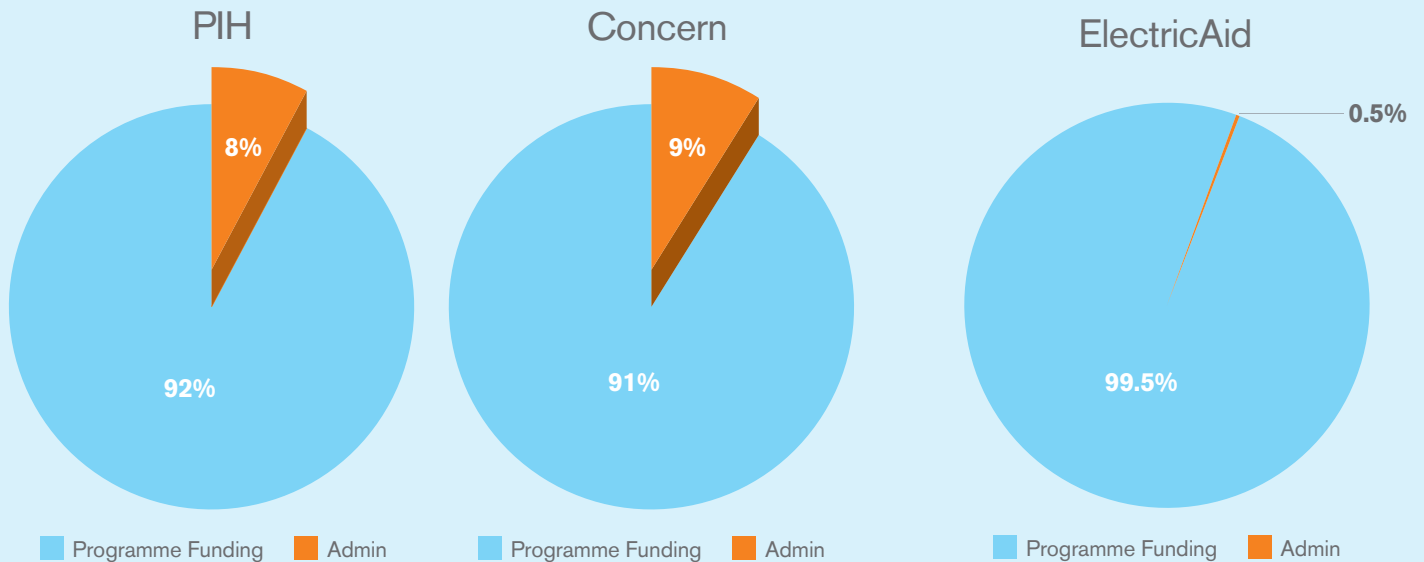

COUNTRY:
CAMBODIA

Overheads:

We hear it all the time – how much of a donation will really get to the end users, the people in need? Is it all used up in overheads, SUVs, and expenses? I feel that there is a great deal of loose and uninformed commentary around this issue, so this year we're putting our own figures to the test. It should of course be noted that it costs money to run any organisation – there is no such thing as an overhead-free charity. **But ElectricAid is the next-best thing** – a free-overhead organisation. Essentially, ESB picks up salary and reasonable overheads, such as printing (including this Annual Report), publicity, office accommodation, and expenses (but no tickets to Nepal or India!).

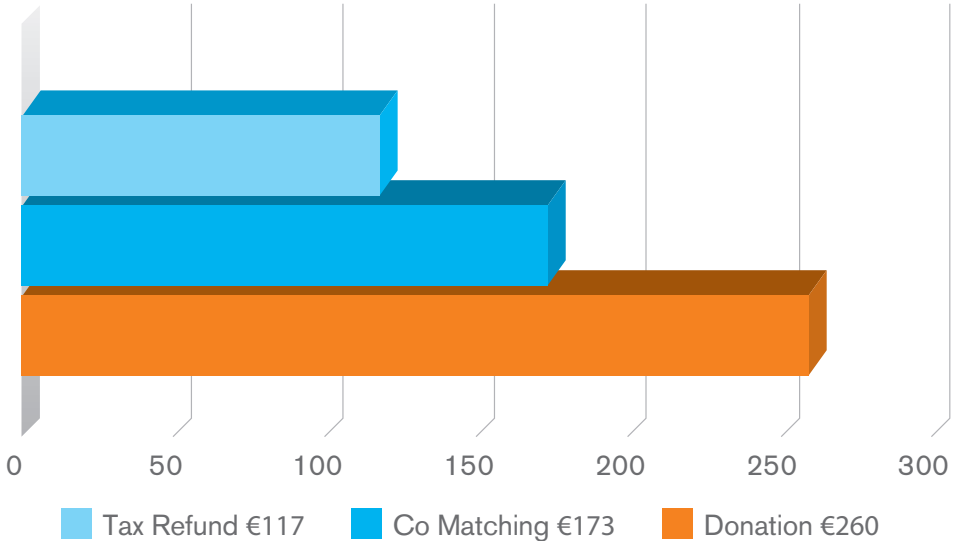

We looked at two world-class charities, Concern in Ireland, and Partners in Health, based in the USA. Both of these organisations are extremely lean and efficient. As you can see from the pie charts, with PIH and Concern, 91% and 92% of donated income “gets there” – two excellent performances. **With ElectricAid, more than 99.5% of income “gets there”.** We spent just €5,417 in 2016 on bank charges and miscellaneous items – and we expect to seriously reduce our bank charges in 2017. Your donations go straight to work with ElectricAid!

Far from deducting operating expenses out of your donations, we actually multiply them, almost magically. On foot of donations of €639,000 last year, we raised €255,000 from ESB and EirGrid, and €237,000 from Revenue. Your €639,000 turned into €1.126 million. As I have remarked before, donating to ElectricAid turbo-charges your generosity, giving much more “bang for your buck”, and is the most effective way of reaching out to help the global fight against poverty, ill-health, and ignorance.

Look at the chart - a fiver a week comes to €260 in the year. This attracts €117 in tax refund, and €73 in ESB or EirGrid matching. **Your fiver a week has just turned into €550 (€10.58 per week)!**

A fiver a week - becomes €550

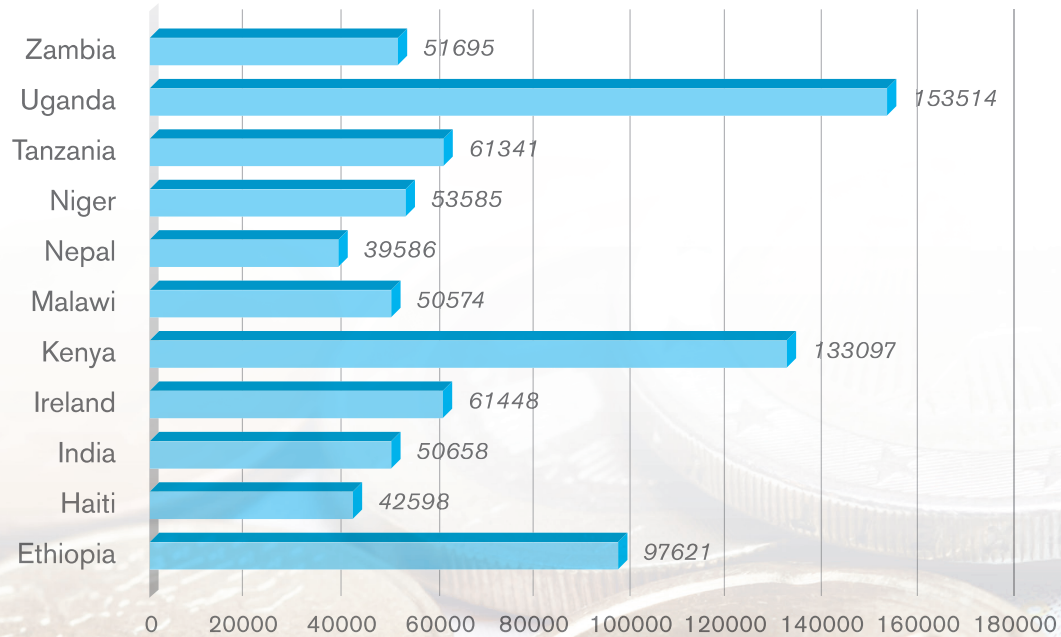

Even beyond this, there is yet another fantastic multiplier at work - the value that can be derived in work in the Developing World. One example I constantly refer to is a new high quality secondary school in Burundi, catering for 450 students – for a total development and finishing cost of €70,000. Would you get change out of €7 million in Ireland?

Project and Relief Funding:

Success in fundraising is a basic requirement, but the real point of what we do in ElectricAid lies in the accompanying list of fundings completed in 2016. We took your money, multiplied it as above, and put it to work in 135 separate development and relief projects, both at home in Ireland and all over the Developing World. This is the heart and soul of ElectricAid – the fantastic results in health, education, enterprise and life that are achieved with relatively small amounts of targeted, grass-roots funding. Please do peruse this list, to appreciate the breadth of our reach, made possible by the depth of your generosity. It is a list we all can take immense pride in – be assured, there is no comparable fund in Ireland, and few enough peers, world-wide. Roughly 90% of our funding goes on development, and 10% on humanitarian relief.

ElectricAid does not have an a-priori geographical focus, but our funding is nevertheless concentrated in the zone of greatest need – sub-Saharan Africa, where we funded 93 projects. We funded 21 projects in Asia, 11 in Europe (10 in Ireland), and 10 in Latin America. We are particularly well represented in Uganda (21), Kenya (15), and Tanzania and Ethiopia (9 each). The following table indicates the value of funding in our 11 best-represented countries. We are managing down our exposure to Uganda, but not to the point of denying funding to an excellent application purely because of the project country.

Funding by Country, 2016

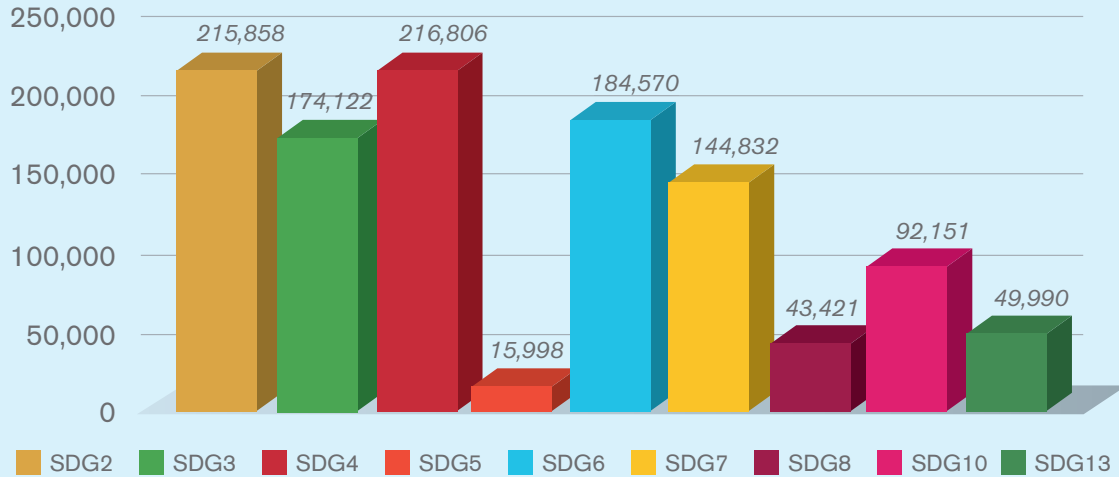

Sustainable Development Goals:

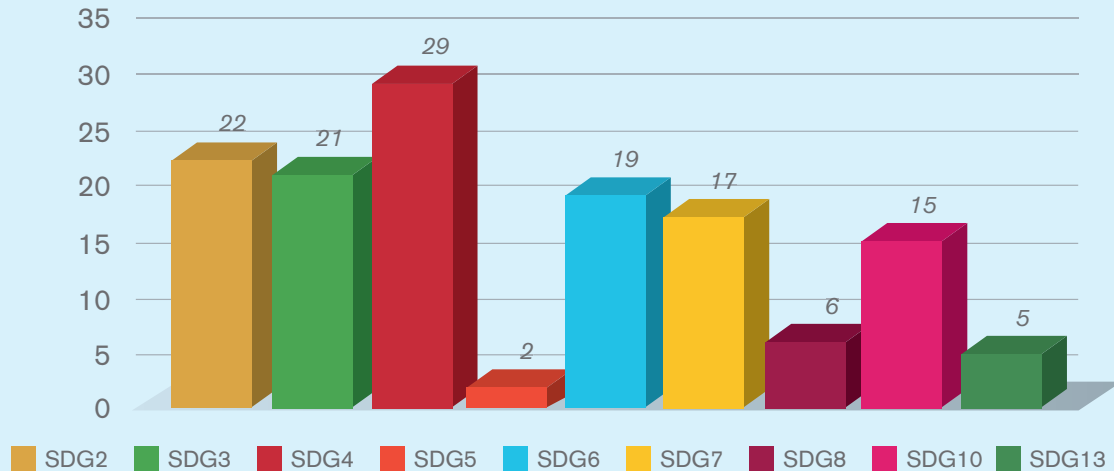

For this year's report, we are analysing our 2016 funding in a new and different way. We are looking at our efforts in connection with the new Sustainable Development Goals – how did our funding contribute to these goals? Our funding in 2016 was primarily focussed on SDG numbers 2 (Zero Hunger), 3 (Health & Wellbeing), 4 (Quality Education), 6 (Water & Sanitation), 7 (Clean Energy) and 10 (Reduced Inequalities). These SDGs chime with our own funding priorities – we are clearly and closely aligned.

2016 Funding Value - by SDG

2016 Projects - by SDG

Emergency Relief:

As we face into what may turn out to be the biggest humanitarian challenge of our time – the East Africa Food Crisis – we should again remind ourselves that ElectricAid is primarily in the Development, rather than Disaster business. Our roots go back to famine in Ethiopia in the 1980s, when a small group of concerned staff asked: apart from immediate relief aid, what can we do about the conditions that lead to such emergencies? And so ElectricAid was born, with an emphasis on development aid. But that is never to say that we should turn our back on humanitarian response, and we have a proud 30-year record in this area. Even in 2016, when we did not have a full-scale Special Appeal, we committed €86,000 to emergency funding, as shown below:

16-A-085	Concern	Ethiopia	20,000	Emergency feeding programme
16-A-105	GOAL	Niger	6,500	Malnutrition programme
16-A-111	Plan Ireland	Haiti	5,000	Hurricane response
16-A-008	HAS	Greece	6,500	Syrian refugee response
16-A-112	Concern	Haiti	5,000	Hurricane response
16-A-116	PIH	Haiti	10,000	Hurricane response
16-A-094	Plan Ireland	Egypt	10,750	Syrian child refugee education
16-A-134	CBMI	Haiti	6,384	Hurricane response
16-A-136	ActionAid	Haiti	6,000	Hurricane response
15-H-012	Red Cross	Ireland	10,000	Flood relief

On top of these, we also funded €45,000 into drought/food security resilience programmes in East Africa and DPR Korea – projects designed to enhance communities' capabilities to respond effectively to drought and food insecurity.

Governance & Probity:

The major and negative development in this area in 2016 came with the exposure of the looting and eventual destruction, by the founder, of a major Irish mental health and bereavement charity. This scandal caused us in July 2016 to issue this letter of reassurance to our members. I think it speaks for itself of the standards we set for ElectricAid in this area:

Honouring the trust you have placed in us ...

Dear Member & friend,

Once again, the good name of the community, charity and voluntary sector in Ireland has been damaged by the dishonourable and corrupt actions of a few people. The governance failures and breaches of trust uncovered in Console's affairs have cast a shadow over many ethical and committed people and organisations. In these circumstances it is necessary to reassure our members and supporters about ElectricAid's governance, processes, and integrity.

Over the last few years, ElectricAid has put a lot of effort into our management and governance. We have signed up to the Five Principles of the Governance Code for Charities. These are:

- ***Leading our organisation***
- ***Exercising control over our organisation***
- ***Being transparent and accountable***
- ***Working effectively***
- ***Behaving with integrity.***

We take these principles seriously – and live up to them. Our application, evaluation, funding and project auditing processes are treated with the utmost transparency and integrity. Our payments are governed by a strict approval process with multiple signatories required for cheques and EFTs. As a result of the generosity of ESB, we pay no salaries or expenses. Neither do we pay salary, expenses or overheads for applicant organisations. All of our funding goes direct to grassroots projects.

Integrity, transparency and accountability are core values for ElectricAid. No Committee member is reimbursed for work done. Our accounts are independently audited, published on ESBnet and on www.electricaid.ie, and lodged with the Revenue Commissioners and with the Charities Regulatory Authority. Financial and governance details on ElectricAid are published on www.charitiesregulatoryauthority.ie. The minutes and outputs of all meetings are posted on our site.

As my predecessor John Kelly noted in similar circumstances in 2013, members have a standing invitation to attend any of our meetings. We are a member-owned and driven organisation, doing our business in the open, and proud to do so. We are open for business – and open for any scrutiny. Please be assured that the unacceptable actions of a few individuals have no place in the vast majority of charities – and absolutely no place in ElectricAid. Members have invested us with the trust of managing and growing this world-leading initiative; we have honoured this trust, and will continue to do so...

Tina Pittock
Chairperson
ElectricAid
10 July, 2016

Thanks:

As every year, I have “the usual suspects” to thank. I thank the Committees of 2015 – the new Committee elected at our AGM in April has big boots to fill. The Committee approached its work with diligence – but also with a sense of light-heartedness, which I think comes from the extraordinary sense of fulfilment that comes with this work. In any event, they were great to work with, and took on the additional duty of individual project desk audits without a murmur. The Committee members, Officers and Trustees have all been robust, challenging, effective – and fun to work with.

Acknowledgements and thanks are due again to our Corporate Partners, ESB and EirGrid. Consistent and sustained support from the two companies is one of the bedrocks of ElectricAid, allowing it to develop over 30 years to be a class-leader in Ireland, and a model for the world. As ever, we don’t take this for granted, we know that there are many calls on your generosity, but this is a real long-term success, which is well worthy of continuous commitment.

ElectricAid receives support come in many forms, and from all levels, both official and casual. Our friends in Payroll Control, Copy Bureau and Mailing Services are key to us, and always respond effectively and quickly to so many requests. Communications are critical to this enterprise, and we get an unfailing welcome from Corporate communications, EM, The Hub, and EirGrid media.

Our own site www.electricaid.ie is becoming more and more important in telling our story. Anthony Le Courriard, Pearse Crilly and Angelica Pacturanan were instrumental in its success and growth. We get such cheerful co-operation from all over – this is why a medium-sized Irish charity can function on a staffing of 0.5 FTE, and devote 99.5% of its revenue to the end user. You know who you are - sincere thanks to you all.

The final and most important thanks, as always, go out to our 2,635 members. Without this bedrock support, nothing would be possible. So many lives would be poorer, more desperate, and shorter. You are reaching out every day to your least-fortunate brothers and sisters.

On their behalf, and on behalf of ElectricAid - thank you.

James Foley
Manager,
ElectricAid

Committee Members Report

The Executive Committee present their report along with the financial statements of the charity for the year ended 31 December 2016. The financial statements have been prepared in accordance with the accounting policies set out in note 2 to the accounts and comply with the charity's constitution, Section 207 of the Taxes Consolidated Act 1997, the Charities Act 1961 to 1973 and the Statement of Recommended Practice, applicable to charities preparing their accounts in accordance with the Financial Reporting Standard applicable in the UK and Republic of Ireland (FRS 102) (effective 1 January 2015).

Structure, Governance and Management

The Executive Committee and the Trustees who held office during the financial year and at the date of this report are set out on the information page.

Trustees - Five Trustees shall control the funds of the Scheme and make the disbursements authorised by the Executive Committee.

Appointment as a Trustee shall be for a period of three years only and shall be renewable at the end of each such period. Officers or members of the Executive Committee shall not be eligible for appointment as Trustees. Two of the Trustees shall be elected at each third Annual General Meeting of the Scheme. The Chief Executive of the ESB shall nominate two Trustees as soon as practicable after the members have elected their two Trustees. The Chief Executive of EirGrid may nominate one Trustee as soon as practicable after the members have elected their Trustees.

An elected Trustee may retire by written resignation or shall automatically retire if required to do so by a decision of the members attending an Annual General Meeting or an Extraordinary General Meeting. The Chief Executive of the ESB may revoke the appointment of a nominated Trustee at any time. The remaining Trustees shall fill any casual vacancy arising among the elected Trustees by co-option of a member of the Scheme. A co-opted Trustee shall hold office for the remainder of the term of office of the Trustees being replaced. A casual vacancy among the nominated Trustees shall be filled by a person nominated by the Chief Executive of the ESB to hold office for the remainder of the term of office of the person being replaced.

The Trustee shall not be liable to make good any deficiency in the funds of the Scheme but shall be liable only for such sums of money as shall be actually received by them on account of the Scheme.

Executive Committee - Administration of the Scheme shall be carried out by the Executive Committee, which shall comprise: Honorary Officers, Chairperson, Vice Chairperson, Honorary Secretary and Honorary Treasurer, elected by the members and at least six and not more than ten members elected by the membership at the AGM.

The Executive Committee shall meet as necessary for the administration of the Scheme but in any event the Executive Committee shall meet not less than four times per annum. A notice of the meeting and agenda shall be sent to every member of the committee. A quorum for every meeting shall be half of the committee members. In the absence of the Chairperson and Vice Chairperson one of the other committee members shall, by agreement, chair the meeting. For the purpose of voting at meetings all members shall have a vote and in the case of a tie the person chairing the meeting shall have a casting vote.

Decisions taken at meetings will be on simple majority basis. Any vacancies that arise in the committee will be filled by co-opting by the

committee. Such co-options may have regard to the executive election at the previous AGM. Requests for aid (with the exception of requests for emergency relief aid) must be submitted to the Honorary Secretary at least a week in advance of any meeting. Requests may be made by any recognised charitable organisation or agency, or by a member of the Scheme on behalf of such organisation or agency. For the purpose of advancing the objects of ElectricAid, subcommittees may be set up by the Executive Committee. The powers and rules of procedure of such subcommittees will be at the discretion of the Executive Committee at all times.

Risk Management

The charity trustees have considered the major risks to which the charity is exposed and have reviewed those risks and established systems and procedures to manage those risks.

Objectives and Activities

The main object for which the charity is established is to raise money for the relief of want and to assist the needy at home and abroad, provided always that the income of the Charity shall be applied solely for charitable purposes within the meaning of Section 207 of the Taxes Consolidation Act 1997.

Grant Making Policy

The Executive Committee shall authorise the disbursement of monies to such projects or agencies as are, in the opinion of the committee, consistent with the main object of the Scheme. Notwithstanding any other provision herein, emergency relief aid consistent with the main object of the Scheme may be disbursed without the necessity to hold a meeting of the Executive Committee provided that the prior agreement of half of the committee members (including the Treasurer and the Chairperson or in his or her absence the Vice Chairperson) is obtained thereto. A copy of each disbursement authorisation shall be provided to each of the Trustees.

Financial Review

The Charity is reliant on the three sources, the ESB staff / pension payroll donations, the ESB board and the taxation rebate received from the Revenue Commissioners. Total income for 2016 was €1,124,855 compared to income of €1,240,545 in 2015. There was a deficit of income in the current year €26,759 (surplus in 31 December 2015 €7,649). As at 31 December 2016 the Charity had reserves to carry forward in to sum of €346,355.

Investment Policy and Performance

The Charity does not hold sufficient monetary reserves to generate additional income through investments. All monies are held in a current account controlled by the trustees with the principal banker.

Reserves Policy

ElectricAid hold a reserve balance of €346,355 at 31st December 2016. This is to ensure, as far as is reasonably possible, that the charity's future expenditure objectives can be met, given certain assumptions made about future income streams. The 2016 Business Plan also identified a requirement that ElectricAid should maintain a capability of €50,000 for immediate emergency response in the event of a major humanitarian disaster. These funds would, if expended, be recouped from the proceeds of a Special Appeal.

Future Plans

The need for our aid seems never-ending and we plan to continue doing what we can to assist. However, the committee members realise that we must use the resources we have wisely, and so we will continue to target those problems where we have expertise in order to make the most difference.

We therefore intend to continue our approach of funding short discrete projects but then following this with further projects to build on the previous ones. To contribute to the development of peoples at home and abroad through co-funding of projects that aim for long-term sustainable improvement in the well-being of communities. To contribute to the relief of poverty and emergencies at home and abroad. To promote awareness within the Electricity Supply Board of development issues.

The financial statements were approved and authorised for issue by the Executive Committee on 25 April 2017 and signed on its behalf by:

Committee Members Responsibilities

The constitution of the charity requires the Executive Committee to prepare audited financial statements for the financial year which give a true and fair view of the charity's financial activities during the year and of its financial position at the end of the year. In preparing these financial statements giving a true and fair view the Executive Committee should follow best practice and:

- select suitable accounting policies and apply them consistently;
- make judgements and estimates that are reasonable and prudent;
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the charity will continue in operation.

The Executive Committee is responsible for keeping proper accounting records which disclose with reasonable accuracy at any time the financial position of the charity. It is also responsible for safeguarding the assets of the charity and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

The financial statements were approved and authorised for issue by the Executive Committee on 25 April 2017 and signed on its behalf by:

Tina Pittock
Chairperson
Executive Committee

Hilary Boyse
Honorary Treasurer
Executive Committee

We hereby approve the financial statements as set out on pages 46 to 53.

We confirm that we have made available to Moore Stephens, Chartered Accountants and Registered Auditors, all of the accounting records of ElectricAid and have provided them with all the information necessary for the preparation of the financial statements and completion of their audit for the year ended 31 December 2016. To the best of our knowledge and belief the accounting records reflect all the transactions entered into by the charity in the year covered by these financial statements.

The Executive Committee is responsible for keeping proper accounting records which disclose with reasonable accuracy at any time the financial position of the charity. It is also responsible for safeguarding the assets of the charity and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

The financial statements were approved and authorised for issue by the Executive Committee on 25 April 2017 and signed on its behalf by:

Independent Auditors' Report to the Members of ElectricAid

We have audited the financial statements of ElectricAid for the year ended 31 December 2016. The relevant financial reporting framework that has been applied in their preparation is the FRS 102, The Financial Reporting Standard applicable in the UK and Republic of Ireland issued by the Financial Reporting Council and promulgated by the Institute of Chartered Accountants in Ireland.

This report is made solely to the charity's members. Our audit work has been undertaken so that we might state to the charity's members those matters we are required to state to them in an auditor's report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the charity and the charity's members as a body, for our audit work, for this report, or for the opinions we have formed.

Respective responsibilities of trustees and auditor

As explained more fully in the Committee Members Responsibilities Statement set out on page 3, the trustees are responsible for the preparation of the financial statements and for being satisfied that they give a true and fair view and otherwise comply with the charity's constitution. Our responsibility is to audit and express an opinion on the financial statements in accordance with Irish law and International Standards on Auditing (UK and Ireland). Those standards require us to comply with the Auditing Practices Board's Ethical Standards for Auditors.

Scope of the audit of the financial statements

An audit involves obtaining evidence about the amounts and disclosures in the financial statements sufficient to give reasonable assurance that the financial statements are free from material misstatement, whether caused by fraud or error. This includes an assessment of: whether the accounting policies are appropriate to the charity's circumstances and have been consistently applied and adequately disclosed; the reasonableness of significant accounting estimates made by the trustees; and the overall presentation of the financial statements. In addition, we read all the financial and nonfinancial information in the annual report to identify material inconsistencies with the audited financial statements and to identify any information that is apparently materially

incorrect based on, or materially inconsistent with, the knowledge acquired by us in the course of performing the audit. If we become aware of any apparent material misstatements or inconsistencies we consider the implications for our report.

Opinion on financial statements

In our opinion the financial statements:

- give a true and fair view of the state of the assets, liabilities and financial position of the charity as at 31 December 2016 and profits deficit for the year then ended; and
- have been properly prepared in accordance with FRS 102 The Financial Reporting Standard applicable in the UK and Republic of Ireland issued by the Financial Reporting Council.
- We have obtained all the information and explanations which we consider necessary for the purposes of our audit.
- In our opinion the accounting records of the charity were sufficient to permit the financial statements to be readily and properly audited.
- The financial statements are in agreement with the accounting records.
- In our opinion the information given in the Committee Members' Report is consistent with the financial statements.

Notes to the Financial Statements

for the year ended 31 December 2016

1. General Information

ElectricAid is the Association domiciled in Ireland. The registered office and its place of business is 27 Lower Fitzwilliam Street, Dublin 2.

Statement of Compliance

These financial statements have been prepared in accordance with FRS 102 – The Financial Reporting Standard applicable in the UK and Republic of Ireland” (“FRS 102”).

These financial statements for the year for the year ended 31 December 2016 are the first financial statements of ElectricAid prepared in accordance with FRS 102. The Financial Reporting Standard applicable in the UK and Republic of Ireland. The date of transition to FRS 102 was 1 January 2015. The reported financial position and financial performance for the previous period are not affected by the transition to FRS 102.

2. Statement of accounting policies

The following accounting policies have been applied consistently in dealing with items which are considered material in relation to the charity's financial statements.

2.2. Basis of preparation

The financial statements have been prepared in accordance with the charity's constitution, Section 207 of the Taxes Consolidated Act 1997, the Charities Act 1961 to 1973 and the Statement of Recommended Practice applicable to charities preparing their accounts in accordance with the Financial Reporting Practice applicable in the UK and Republic of Ireland (FRS 102) (effective 1 January 2015).

The audited financial statements are prepared under the historical cost convention modified to include the revaluation of certain fixed assets and financial instruments and in accordance with applicable accounting standards.

2.3. Fund Accounting

Unrestricted funds are general funds that are available for use at the Executive Committees' discretion in furtherance of the objectives of the charity.

Designated funds are unrestricted funds set aside at the discretion of the Executive Committees for specific purposes. The designated fund for fixed assets is that part of unrestricted funds that represents fixed assets held.

Restricted funds are those donated for use in a particular area or for specific purposes, the use of which is restricted to that area or purpose.

2.4. Donations and legacies

Voluntary income, including donations, gifts and legacies and grants that provide core funding or are of a general nature, are recognised once the charity has entitlement to the resources, it is certain that the resources will be received and the monetary value of incoming resources can be measured with sufficient reliability.

2.5. Expenditure on charitable activities

Expenditure is recognised as resources expended as soon as there is a legal or constructive obligation committing the charity to the expenditure. All expenditure is accounted for on an accruals basis and has been classified under headings that aggregate all costs related to the category.

Costs of generating funds are those costs incurred in attracting voluntary income, and those incurred in trading activities that raise funds.

Governance costs include those incurred in the governance of its assets and are primarily associated with constitutional and statutory requirements.

3. Income

The total income of the charity for the year represents donations received from employees/pensioners from ESB/Eirgrid. ESB/Eirgrid also commit to a matching fund on an annual basis depending on the donations of their employees/pensioners. All income arises within the state.

4. Debtors

	2016	2015
	€	€

16-H-009	Focus Ireland	Christmas Funding of work against homelessness in Ireland	Dublin	10000

A photograph of two young Black workers in a factory setting. They are wearing bright green work uniforms with reflective yellow and silver stripes on the sleeves and legs. They are also wearing yellow hard hats. The worker on the left is a woman, and the worker on the right is a man, both smiling at the camera. In the background, other workers in white hard hats are visible, along with various pieces of industrial machinery, including a blue lathe. The scene is lit by overhead industrial lights.

ACRONYMS

As much as any business area, development is full of jargon. To help you along, here is an explanation of some of the acronyms mentioned in this and previous reports:

Acronyms	Description
ARV/ART	Anti-retroviral therapy (for HIV/AIDS)
ASALs	Arid & semi-arid lands
ASD	Autistic Spectrum Disorder
BemONC	Basic Emergency Obstetric and Neo-Natal Care
CAII	Child Aid Ireland-India
CSTWF	Combined Services Third World Fund
CBO	Community-based organisation
CEE/FSU	Central & Eastern Europe, Former Soviet Union
DRR	Disaster Risk Reduction
EB	Epidermolys Bullosa (skin condition)
ELC	E-Learning Centre
FASD	Foetal Alcohol Spectrum Disorder
FGM	Female genital mutilation
FHH	Female-headed household
GBV	Gender-based violence
HBC	Home-based care (mostly for HIV/AIDS patients)
HIV/AIDS	Human Immunodeficiency Virus / Acquired Immune Deficiency Syndrome
ICT	Information & communications technology
IDPs	Internally-displaced people – internal refugees
IGA	Income Generating Activities
LT	Long Term
MD	Muscular Dystrophy
MND	Motor Neurone Disease

COUNTRY: CAMBODIA

Children using new water pump, Cambodia.

YA	Young Africa

GET IN TOUCH,
KEEP IN TOUCH

ElectricAid is a small community of like-minded people. We welcome all contacts from members, supporters and friends. Your comments and suggestions are welcome and valued. We aim to do our business in the open, with full transparency for all stakeholders. You are very welcome to attend an Evaluation or Committee meeting as an observer, to get to know us and to see how ElectricAid's business is managed. Our AGM in April each year is another way of influencing ElectricAid. ElectricAid belongs to you, the members - don't be a stranger!

Contact by post or in person:

ElectricAid
c/o ESB,
Gateway Two – 4th Floor
East Wall Road
Dublin 3.

Contact by phone or email:

James Foley	(01) 7027732	james.foley@esb.ie (087) 790 4395
Alex Dalton	(01) 7026655	alex.dalton@esb.ie (087) 418 4160

**Contact us through www.electricaid.ie – our new portal for members and friends.
All messages will be answered.**

We also use www.electricaid.ie for announcements, news, interesting developments, and appeals; and try to reach as many of our members and friends through EM, the Staff Notice Board, Yammer, EirGrid media, written correspondence, and good old-fashioned word of mouth!
